

## Duration of the audit.

The numbers indicate the number of audit days.

- - Micro company (1 to 10 employees):  $1 + 0.5 = 1.5$  day
- - Small company (10 to 50 employees):  $1.5 + 1 = 2.5$  days
- - Medium-sized company (50 to 100 employees):  $2 + 1 = 3$  days
- - Medium-large company (100 to 250 employees):  $3 + 1 = 4$  days
- - Large company (250 to n):  $(3 + 1) \times n / 250 = \text{min. } 4$  days

Explanation:

$2 + 1 = 3$  days

i.e. 2 days attendance at company, one working in storm on audit report, total 3 days.

Days are working days.

Working day is the basis of audit cost.
